About us

Garden Works

Discover Garden Works, a leader in premium garden and kitchen products since 1992. Garden Works has established itself as a premier brand in the garden industry.

Garden Works is renowned for its commitment to crafting high-end tools, gloves, and accessories that embody both innovation and practicality. Each product is meticulously designed to exceed customer expectations, ensuring a seamless blend of functionality and durability.

Our success lies in a steadfast adherence to quality and customer-centric values. We proudly serve over 6,000 independent garden centers, nurseries, and gift shops nationwide, fostering enduring relationships built on trust and reliability.

At Garden Works, our diverse portfolio of products exceeds industry standards, thanks to our established supplier relationships and tenured warehouse staff capable of handling over 9,000 annual orders.

Join us in exploring a world where innovation meets tradition, where every tool and accessory is designed to elevate your gardening and culinary experiences. Discover Garden Works – where quality and craftsmanship flourish.

10% Flat Rate Shipping

Applies to price before all discounts for all orders shipped to standard commercial addresses as zoned by UPS within the continental United States.

All product names and trademarks are property of their respective owners.

36 - 66 pairs of gloves = 10% discount

72 - 102 pairs of gloves = 15% discount

108 + pairs of gloves = 20% discount

Tools Made in the USA

Heirloom Quality Tools Made in the USA

At Garden Works, we take immense pride in crafting heirloom-quality tools that are 100% American made. With over 35 years of expertise, we are dedicated to creating garden tools that stand the test of time—tools that you can rely on season after season, and pass down for generations to come. Our commitment to quality is what makes us a heritage brand, trusted by gardeners across the country.

Precision Craftsmanship from Seattle to Maine

Our stainless steel blades are meticulously crafted in Seattle, Washington, at a factory known for producing airplane engines. This level of precision and durability ensures that each tool delivers top-tier performance, no matter the task at hand. Whether you're cutting, digging, or cultivating, our blades are built to handle the toughest jobs with ease, lasting through years of wear and tear.

We believe that true craftsmanship requires attention to every detail. That's why our wooden handles are handmade by skilled Amish craftsmen in Maine. Using time-honored techniques, these artisans shape and finish each handle with care, ensuring a comfortable, sturdy grip that enhances your gardening experience. The result is a tool that is not only beautiful but also built to last.

Proudly American Made for 32 Years

For over three decades, we've remained committed to manufacturing these tools right here in the USA. Our heritage is rooted in American craftsmanship, and we are proud to support local communities and industries. From our premium stainless steel blades to our sustainably sourced wooden handles, every component of our tools reflects our dedication to creating products that are as hardworking as the people who use them.

Tools That Stand the Test of Time

Our heirloom-quality tools are more than just functional—they're a reflection of the values we hold dear: durability, craftsmanship, and a commitment to excellence. Whether you're a weekend gardener or a seasoned horticulturist, you can trust that our tools will help you achieve your best results.

Join us in celebrating 32 years of American-made tradition. When you choose Garden Works, you're choosing tools that are designed to last a lifetime, backed by the craftsmanship and pride of hardworking hands from Seattle to Maine. When you buy one of these tools, you're not just purchasing a product—you're investing in a piece of American history, a tool built with passion, precision, and pride.

Soil Scoop™

The best all around tool ever designed

12" L x 3" W

Bamboo Fit™

A Natural Alternative

Bamboo Fit gloves are the perfect gloves for everything from gardening to household chores. Made with 100% ultra comfortable bamboo fiber with a seamless liner, this natural alternative to nylon will keep your hands cooler and drier than the sweaty gloves you've been working in. With foam latex coated palms, these gloves truly protect your hands and the environment at the same time. Custom embroidery options on back cover.

- 100% bamboo fiber seamless liner
- Palm coated with foam latex
- Excellent wicking and antibacterial properties
- A natural alternative to nylon
- Natural materials keep hands cooler and drier
- Provides hand protection while minimizing impact on the environment
- Extremely comfortable

Ironwood Tools™

Ironwood Tools has been proudly designing, manufacturing, and marketing durable, high-quality tools since 1986. Known for reliability and attention to detail, they create products that meet the needs of both avid gardeners and home DIY enthusiasts. You'll find Ironwood Tools demonstrating, displaying, and retailing tools at major home, garden, and flower shows, as well as local garden events, where customers can see firsthand how well the tools perform.

Built to last, Ironwood Tools are crafted from top-quality materials designed to withstand the demands of real work, season after season. Each tool combines strength, precision, and ergonomic design to help you get the job done right, making your outdoor projects easier and more efficient. Ironwood Tools stands for quality you can trust, year after year.

32" Hedge Shears

31-1/2" L x 7-1/2" W

Order Qty: 6

IW1410-03300

- Hardened and tempered high carbon steel blades (replaceable)
- Super lightweight aluminum handles to reduce fatigue
- Comfortable rubber grips and cushioned bumpers
- Designed specifically for cutting large scale topiaries and hedge trimming

MSRP: \$69.95
